## Ramit Arora

Front-End Developer, Bengaluru, India

Shopify Expert | NABA | 2024

Shopify Developer | HALM | 2022 - 2024

Built a subscription-based lawn equipment store with a configurator to analyze user demand, suggest products, integrate add-ons, and enhance personalization.

Front End Developer | Beyond Memories | 2021 - 2024

Developed and optimized a gift shopify store with advanced API integrations, enhancing automation, personalization, performance, and seamless shopping experiences across devices.

Web Manager | Matchbook Distilling | 2020 - 2023

Developed and optimized Shopify themes, enhanced UI/UX, implemented custom features and improved performance for multiple distillery stores.

Web Architect | Sand Hill East LLC | 2016 - 2023

Designed scalable web solutions, planned architecture, and provided technical guidance to help entrepreneurs transform ideas into successful businesses with strategy, funding, and innovation.

User Experience Engineer | Metrix Coin | 2019 - 2020

Define and deliver new features, turn concepts into functional prototypes, and refine interactions, animations, and details for a seamless user experience.

Web developer | OVX Business Solutions | 2018 - 2019

With a focus in branding, I strive to create lasting connections with people through meaningful and deliberate design.

Front End Developer | StreamYA S.L | 2014 - 2015

Developed modular, scalable systems with less frameworks optimizing performance, ensuring reliability, reducing latency, and enhancing integration efficiency.

Founder → Front End Lead | Ddeveloperz | 2011 - 2013

14+ years of experience crafting exceptional user experiences for e-commerce platforms, specializing in Shopify. Proven track record in developing and deploying high-performance B2B and B2C websites, corporate platforms, CRM systems, admin panels, and mobile applications.

Expertise in leading design teams through the full development lifecycle, from concept to successful launch.

Skilled in collaborating with marketing, backend development, and executive teams to achieve strategic business objectives. Delivers accessible, visually engaging, and optimized online stores in fast-paced environments.

Strong communicator with a client-centric approach, passionate about leveraging technology to drive business growth.

Continuously seeking to expand skillset and explore emerging technologies.
